'Diving Deep' With Neighbors

WHEN SOMEONE COMES TO KNP SEEKING HELP accessing social services, food resources, budget advice, or issues such as housing, transportation or mental health support, we pair them with a small team of Advocates to walk with them while they move toward a more stable position in life. Needs can be complex and multi-faceted, and it requires a caring, long-term commitment to help neighbors find solutions to these bedrock life issues.

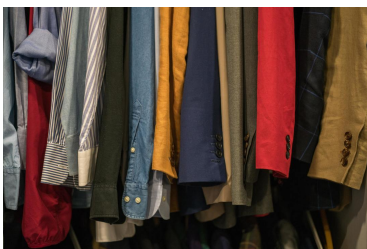

We value the strengths and continued hard work of ALL of our volunteers! This month, we want to give an extra-special shout-out to our phenomenal team of Advocates. They are currently assisting 28 households, helping them partner with schools and town welfare offices, KREM, the Veterans Administration, New London Hospital and VNA, food pantries and myriad other service providers. THANK YOU for the dedication and perseverance you show every day on behalf of our neighbors!

Honor Society to the Rescue

DANGEROUS ICE AND SNOW on a walkway kept service providers from safely reaching one of our KNP neighbors last week. News of the need for shoveling and sanding made its way to the New London Hospital, who notified KNP. We called the Kearsarge Honor Society, which has a list of students who have signed up to help folks this winter. Before the afternoon was over, two high school sisters showed up to clear the way, and our

neighbor didn't miss a single day of receiving help. Many thanks to these young women for their quick and thorough assistance! Great teamwork, EVERYONE!

Time to Clean the Closets

THE REPEAT BOUTIQUE clothing consignment shop, (accessed through the Circle K gas station store next to Belletetes in Andover) has a KNP account! All proceeds from clothing donated to the KNP account will remain on our tab so that we can let neighbors in need of clothing shop free of charge. Just tell the store you'd like to donate your clothes to the KNP account when you drop them off. A cash donation can also

be made to the account. Clean your closet and help a neighbor...couldn't be easier!
